MESSAGE FROM THE OWNER *Have you noticed;*

Because I'm around the coffee shop nearly every day I notice a lot of what is going on in the town center. What I see daily are two things that stand out : speeding vehicles and loud vehicles. I have discussed both of these problems before in previous newsletters but no improvement noticed over the past few months. Recently there was a serious accident at the corner of Highway 25 and Garfield Ave. An SUV traveling at a high rate of speed on Hwy 25 southbound and driving in the center lane lost control and hit a telephone pole in front of Bernie Willie Grocery. The car rolled over and ended up over 100' from the impact with the pole. Thankfully the driver had no serious injury and walked away from the accident. Someone with the DOTD should take note of this and look at lowering the speed limit on Highway 25 back to 25 MPH in the city center before a more serious accident occurs. If you agree please contact the DOTD or me. — **FRANK RICHERAND,**
